BRECKENRIDGE NEWS.

Vol. 2, D. & T. G. Babbage, Editors and Proprietors
WEDNESDAY, DECEMBER 22, 1917

EIGHT PAGES

R. A. SHELLMAN has been appointed postmaster at Stephentown.

Col. I. B. NALL has announced that he will be a candidate for Commissioner of Agriculture before the next Democratic State convention.

Tuberculosis respect to the death of his venerable mother, which occurred last week, President McKinley has announced that all social functions will be omitted at the White House for thirty days.

An old maid's convention is to be held at Danville, Ky., this month. We reckon this country could send a representative or two, but don't see she'll do it. Our old maids don't seem to want nothing no how.

As we go to press we are almost in the midst of the Christmas festivities. Everything around us is a bustle and the streets to be a great excitement for the advent of old Santa Claus, that he will come and visit the rich and the poor and the humble and the lowly and distribute gifts in abundance, to each and all in this good year, is the wish of the News and of all us.

MANUEL MORAN and his Breckenridge Amplit company appear to be having rather hard luck in Louisville. Just a short time ago he had all his competitors on his side for work that city and just down the pavement accordingly. Late known parties poured coal oil over them, with a view of destroying them. Mr. Moran promptly offered a reward of \$500, for the arrest of the persons who committed the outrage.

Who is it that does not feel joyful over the approach of Christmas? Surely it is a time for both old and young to lay aside the cares and perplexities of life and give himself over to the enjoyment of a merry Christmas. We should not be bowed down with the cares and burdens of the day when there is so much around us to make the recurrence of this holiday time merry. The children rejoice they are happy and it is for them to be bowed down with the cares and burdens of the day when there is so much around us to make the recurrence of this holiday time merry. The children rejoice they are happy and it is for them to be bowed down with the cares and burdens of the day when there is so much around us to make the recurrence of this holiday time merry.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one cure for disease that science has been able to cure in all its stages and that at Catarrh. Catarrh of the Catarrh is this only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Catarrh of the Catarrh is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing his work. The proprietors have so much faith in the curative powers of this remedy that they offer One Hundred Dollars for any case that it fails to cure. Send for literature of testimonials.

Household Goods

The ancient Greeks believed that the Fates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, coughs, colds, and for all affections of throat, chest, and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and a remedy for old and young.—Short & Haynes.

Girls will continue to be firm just as long as men are foolish.

Miss Allene Murray, who after a sojourn of six months in Salt Lake City, Utah, came home Saturday night. Miss Murray looks exceedingly well and speaks highly of her trip and gives an interesting account of it.

When reading the News, the reader to become thoroughly informed, must read every page. There you will find news of interest and possibly an item that will repay you in every way.

Roy Hays arrived home from Cincinnati yesterday morning to spend the holidays with his parents, Mr. and Mrs. E. T. Hays. He is connected with Lewis Ward & Company, wholesale furriers, of that city.

Sam Hall, brakeman on the Louisville, Henderson, & St. Louis railway, came to this city yesterday from Owenboro, with a badly bruised arm. He caught his left arm between two cars while coupling at the above place.

Mrs. Luthora Tracy Reid had with her Monday evening a number of friends, who she entertained in honor of Mrs. W. G. Smart and Mrs. F. W. Clear. A dainty luncheon was served after 10 o'clock in her attractive style.

The persons who disturbed the congregation last Sunday are requested to call on the draught and get a bottle of Foley's Honey and Tar, which always gives relief.—A. R. Fisher, Cloverport; R. A. Steelman, Stephensport; Gordon & Haynes, Paducah; E. A. Wilt, Harbington.

"Uncle" Pete Brown, an old respectable colored citizen of this town, has now reached the ripe old age of 81 and is still active and in good health. He has been a constant member of the Methodist church for 37 years, joined during slavery times. A New representative asked him, if he didn't have better times when he was a slave, he said he had, but not with "O. I." I can get my old slave pipe and take a good smoke any time I wish. However, my smoke was the best time to me that ever lived."

Shelly Triplet and Thos. J. Triplet living near Rosetta, were in Louisville last week and sold their present crop of tobacco; barley at \$14.75, \$7.80, \$4.40—\$12 and \$6.05. They were of course happy over their good sales. These gentlemen had good crops last year—more pounds by half, yet they realized more money for their half crop this year.

On last Friday there passed through this town, two more couples with matrimonial intentions bending their way towards Cannelton, Ind., one from Kirk and the other from Jolly Station. They were Mr. Thomas Bowman and Miss Minnie Patterson; Mr. Carlton Mason and Miss Eva L. McCarty. Both couples returned to this town last that evening, and were all wearing broad smiles, and eager to reach their respective homes to get forgiveness.

The regular annual street parade of Su's r's, under the supervision of Mr. Edward Gregory their advertising man, was on in full force Saturday. The entire company, consisting of probably twenty-five boys, all dressed in uniform, headed by a donkey, led in a cart, with "Santa" all diked out in proper costume, driving the animal. The parade attracted the attention of everybody, but made the bones of those that had never been soothed before feel like Christmas was almost upon us.

In Su's r's large show window to-night you can see a real scene. The scene represents an old street in Stockholm, Germany—an old, quiet building with steep roofs. The clock in the tower points a quarter to two o'clock—all the city line quickly assembling a heavy snow storm has been raging—the rent in the clouds as the storm is clearing up the moon in its splendor sheds its rays down on the quiet city—the dim lights left burning so Santa can see where to go! Upon the roof Old Santa has made his appearance drawn by his four Reindeers.

How Old Santa plays his whip—how the boys are skipping from roof to roof. How the little ones will enjoy this scene—won't they be clapping of hands. God bless the little ones—we wish we were young again so we could join them and shout and shout the loudest of them all.

J. A. Perkins, of Antiquity, O., was for thirty years needlessly tortured by physicians for the cure of eczema. He was quickly cured by using DeWitt's Witch Hazel Salve the famous healing salve for piles and skin diseases.—Short & Haynes.

Vest's Grand Opening.

The most gorgeous holiday display, that the people of Cloverport have ever had the pleasure of casting their eyes upon, was in the grand opening of Vest & Sons, on Wednesday, December 15.

Their store was artistically and beautifully decorated and illuminated by incandescent lights. Their double glass windows, were simply a piece of art, filled with elaborate and costly goods. People flocked there early before the hour of opening the store and remained packed until the hour of midnight.

They were treated with all the latest selections of music and with their obliging force of clerks were shown through the vast emporium from the first to the third floor, where an endless array of holiday goods never before exhibited in this city, met their vision. They have an extensive line, consisting of bric-a-brac, novelties, imported chinaware and other articles indispensable. In their dry goods, shoes, hats and cloak departments will be found a most extensive line. They have always made an effort to lead until the hour of midnight they extended a hearty welcome to everyone to make their place headquarters and you may feel safe that the goods wanted are most first class and at the lowest prices possible.

After hearing a man from Cincinnati praising Chamberlain's Cough, Cholera and Diarrhoea Remedy, Curtis Peck, of a Louisville, Cal., purchased a bottle of it for his own use and is now as enthusiastic over its wonderful work as people can be. The \$25 and 50 cent size for sale by A. R. Fisher, Cloverport, and A. A. Steelman, Stephensport.

Miss Cattie Simmons, daughter of Mr. and Mrs. M. Simmons living near Big Springs, was suddenly taken ill last Sunday and died last Thursday with congestion of the lungs. She was 14 years old, and was a most excellent young lady, and loved by all who knew her.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; it will stop the cough, heal the irritation of the throat and lungs, and check the most insistent consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases.

Do not get Scott's Emulsion, but get the Scott's Emulsion, Scott & Kowles, Chemists, New York.

To those living in malarial districts Tutt's Pills are indispensable, they keep the system in perfect order and are an absolute cure for sick headache, indigestion, malaria, torpid liver, constipation and all bilious diseases.

Tutt's Liver Pills

A Valuable Remedy.

Dr. A. A. Simons of this city has in his possession a rare and valuable relic, which he purchased in Hancock county and it is probably the only one in existence of its kind. It is an iron rod, two inches in length and three quarters of an inch in diameter, pointed at one end like a cat's paw and a groove around the other end like that of the helix of a tomahawk. There are two longitudinal grooves opposite each other with a narrow point on the end of one and two cross marks on the end of the other. It is called an ornamented "plumb bob" and is believed to have been used as such by an Ancient race of people, who lived in this country long anterior to the Indian race. It was found in Hancock county and is a rare specimen of this implement, since very few of those that are now known are ornamented.

O'neamen support are not bad. Go elsewhere to shoot your fireworks. James Dean, of Glendene, was in town Thursday. W. D. Hut, of Hut's Bottom, was in town Thursday. New resolutions will soon be the topic of conversation. Two pointer dogs were sold in Hopkinsville last week for taxes. George W. Vanderbilt leads the world in the way of carrying life insurance. There has been a deal free to Mercer county over one hundred miles of toll road. The best clincher is a newspaper that circulates, that's the Brookingham News. Some men are like phonographs; they talk a great deal but never say anything original. Thiep I hope a little of diet at Dawson City as Jack and a eaten with grease and molasses. Frank Hall came in from W-har Tuesday where he has been spending a week hunting. Duke Rumer has it, during Christmas week a wedding is to occur which will be a surprise to many. Christmas falls are the talk in every other town of any size with the exception of Cloverport. Harry O. Buer and H. H. H. Cox, of Grayson county, were married last Wednesday in Jeffersonville. Joseph M. Keane, Attorney General in the President's Cabinet, has been appointed judge of Supreme Court. Cloverport is large enough to support a telephone. Wouldn't it be nice to call upon fellow friends and hallow, hello! The commander of the battleship of Kentucky will be presented with a sword from the Kentucky State Guards. (That Jackson purchased last week in the vicinity of Vira Grove, Meade county \$200 worth of logs and cattle. Rev. M. M. Benton will hold service in the Presbyterian church Sunday morning and afternoon on December 30.

There are returned in this town who hardly become familiar with the location of the children until they are in another house. What is the small boy going to do, can't shoot fire crackers, roman candles or any sort of fire works next week, 'tis too bad.

R. H. Willett the missing cashier of the defunct bank at English, Marnago and Leavenworth, Ind., has returned to straighten up affairs. Miss Mayne Bixley Griffith, who has returned from Madison, Ind. last week for Cincinnati to be the guest of her friend Miss Echo Hart.

Mr. William Hall, a successful farmer living near Webster, has had a lot of hogs last week and in the lot one weighed 600 pounds. He had a pair of scales which drew 600 pounds but would not weigh one of the hams of this hog.

George Ogleby, of near Burgin, who has been visiting his brother, E. B. Ogleby, at Cloverport, returned home at noon—Thursday's Owensboro Daily Inquirer.

Mrs. Hattie Green wants to find an honest man for her daughter, who will be worth \$200,000. She can find him in Es'absethown News. He is a brother of Mr. H. L. Sander, of this city.

Mr. and Mrs. Fred Muller, of Quincy, Ill., have a daughter five days old who is dressed in doll clothes, says Louisville Post, Thursday, Dec. 10. She weighs 14 pounds and is not much larger than a half dollar, and her feet are a quarter of an inch in length. She's healthy and eats well.

Many few people realize the importance attached to signing their names to every petition presented to them. Be sure you thoroughly understand every paper you sign before your name is attached to it, also you may say that you have done something to be regretted later. No charge is made for this service but it is worth a whole lot.

Not a little financial embarrassment arose upon the failure to pay small accounts. This failure is often exhibited by persons who are abundantly able to pay, but the same are so small that they wait. But those compelled to pay are often slyly put out. Pay up the small accounts. Don't forget that "short accounts make long friends." Do you

understand the meaning of this? It is distressing to notice the number of boys in this town throwing their valuable time away lounging around on the street corners. Which if applied to study would prepare them for almost any position. The amount of money thrown foolishly away each day would purchase enough literature at the end of one week, and of the best, to last for a period of six months.

Mayor Weaver's Appointments. Mayor Weaver, of Louisville, sent to the city council last week the following appointments:

A Blow at Dingyism.

(From the New York Times.) A press dispatch from Philadelphia reports that the managers of the Pecos Iron Works "are not greatly disappointed" at the rejection of their bid for building a bridge over the river "Val in Holland," although it was the lowest bid. They know that "great objection had been made by the citizens of Holland, and the local bidsters to allowing a Government contract to go out of the country." It was presumably for this reason that the Dutch Government has awarded the contract to a native firm which offers to build the bridge for \$75,000, \$4,000 more than the bid of the Pecos Iron Works.

We see no reason why the American firm should be in the least disappointed. We have adopted the policy of Dingyism, and exclusion. We forbid the Dutch manufacturers to send their goods here. Why should they seek our bridge?

The incident may well cause uneasiness in protectionist circles, however. In the first place, the American firm undertakes the foreign firm. That is a weak blow at the pauper labor idea, on which protection is founded. Then the appearance of an American firm in a competition is a disquieting. It is a symptom, and not the first, that our much-proclaimed manufacturers are turning from the home market and must look to foreign markets to absorb their surplus products. Steel rails to Japan, locomotives to Brazil, machinery to Australia, and now an attempt to send bridges to Holland. Only free traders will rejoice at these unparaphrased efforts of our manufacturers to outstrip the Chinese wall from the land, of which the sure consequence will be a demand that the lowered or demolished altogether in the interest of free exchange between ways.

The new law of Dingyism in the American manufacturer, who will be forced to run his mills on half time if he cannot have free access to foreign markets.

One dose of Dr. Hall's Pink Tonic Honey given to a child on retiring cures a cold, cough, relieves cramp or colic and insures quiet rest and refreshing sleep. It is harmless. Babes love it. All mothers who have used it recommend it.

Foley's Honey and Tar does not claim to perform miracles. It does not claim to cure all cases of consumption or asthma, but it does claim to give comfort and relief in advanced stages of these diseases and to usually cure early stages. PAYNESVILLE.

Not wishing to boom our town, but business seems to be reviving from some unseen cause.

Cupid has for some reason deserted "Bachelor Barney" and "quoth the maiden nevermore."

Gay Connor, of Louisville, has accepted the position of driver for the new firm, Bennett & Willett.

George Chlam has moved into the Baxter house, where he will conduct a saloon and hotel in the future.

Horne, meeting with all its attendant evils, is again appearing in our civil community, as the same old contagion of former days.

John Davis is now chief clerk for Thos. Brown and appears to be making an impression, especially in the home-hitching department.

Protracted meeting was held here last week by the Rev's Snickett and Willett at the Baptist church and several persons acknowledged Christ and renounced Satan.

CUT-OUT DOLLS GIVEN AWAY!

We will send to any address by mail a

set of six cut-out paper dolls and six ex-

tra dolls on receipt of four cents in

stamps. These dolls illustrate the new

and value of Diamond Dyes for coloring

anything from silk and ribbons to a

heavy cloak or gown. Diamond Dye

comes in all colors and should not be con-

fused with the cheap dye coming in on-

ly a few colors, that some dealers try to

sell for the sake of extra profit. Write

us at once for the dolls before they are

gone.—W. E. WEAVER & CO., Bal-

timington, Vt.

Misses Irene Board and Miss Emma

Hunter were guests at Mr. Bob Robert-

son's Sunday.

Mr. Dick Moorman is here, after sever-

al months stay in St. Louis and other

parts of Missouri.

Ladies Dick Avery did all his property

in town, and since our last writing

he has moved to the country.

Willie Owen will return this week

from Eastern Kentucky, where he has

been for a few months in the timber land.

Mr. Nall, who recently rented Julian

Brown's store, has gone to drumming

again. A young Mr. Witt is clerking for

him.

A. M. McCracken, and road master

Hudson, of Louisville, and West Moor-

man, of Cloverport, were here hunting,

last week.

Henry Dard, foreman of the bridge

crew, and his force are located here for

several days. This force and Mathey's

are making changes in the look of the

road near to town. Mathey's latest suc-

cess is a fine right of way fence through

Miss Moorman's farm.

The remains of Miss Mitta Frazer, ac-

companied by her parents and other

relatives, were brought here on Sat-

urday's train. Miss Frazer died at her

parents' home, in Henderson, Ky., and

was buried at her old home, McDaniel,

Sunday.

The stores in Glendene are beautiful

in holiday attire. Christmas goods gal-

lery. Children are delighted at the pro-

spect of Santa Claus' coming at the end

of the year, and people here are real-

izing that "Santa" don't close much af-

ter all, and they, too, are happy with

the children.

THEY HONOR BODIES.

our most charming young ladies, has

gone to Louisville to spend sometime

with Misses Annie Bernard and Lettie

Herdman.

Mr. Joe Owen, of Red Bluff, California,

enroute from New York, where he has

been taking post graduate course, was

here visiting his brother-in-law, E. W.

Jones, last Thursday.

There will be a Christmas tree in Mr.

Doran's store-room Friday eve, Dec. 24.

All are asked to send their presents as

and had perfect lessons for the six months

past. Sunday Dec. 20 being the last

BIRCH BARK WASTEBASKET.

Hint For a Pretty and Novel Christmas

Gift.

Many people carry home from their

outing pieces of birch bark which they

have stripped from the glis-

tening trees during long walks in the

country. Here is a pretty way to utilize

it:

A good sized piece is needed to make

a waste basket—although smaller ones

are pretty to hold grasses—one that has

been stripped unbroken from the tree.

Cut a circular foundation of very

heavy cardboard just the size of the

bark. Line it with a pretty colored

stencel. Cover the outside with the bark.

Cut a circle of the cardboard to fit the

base of the basket. Cover one side with

stencel wadded with cotton, the other

with birch bark, and placing the stencel

lining inside, overhaul it with strong

lines thread to the part of the basket

already made. The ribbon which orna-

ments the top is slipped between the

lining and the birch bark and sewed

in place with silk of the same color. It

then left to hang over the edge—no

long one short alternately. The end of

each ribbon is folded to a point and is

tipped with a tiny silver ball.

A russet red or any color suggestive

of autumn leaves or else a pale green or

light blue harmonizes well with the sil-

ver gray of the birch.
